

G&G Animals Wildlife Rescue & Educations

Day 3

3/25/2020

Name: _____

Grade: _____

If you would like us to share this with your teacher so they know that you did it, please let us know your school and teacher name and we will send them an email letting them know you completed it!

School: _____

Teacher: _____

As we are talking see if you can fill in the blanks. On Friday, take a picture of the whole weeks' worth of sheets filled out and send it to us on Facebook, then we will send you a certificate and a point that is you can redeem at G&G Animals trading post.

1) **There are _____ species of bats in the North America.**

2) **Bats use _____ to find food.**

3) **Bats are the only Mammal in the world that can**

_____.

4) **Opossums are the only _____ that live in North America.**

5) **Opossums are _____ and eat just about anything.**

Fun things to think about:

Both bats and possums can hang upside down. Imagine if our feet were so strong that we could hang upside down as much as they do.

Challenge: Both of my friends we saw today either can't see or is blind. Imagine if you could not see but had to rely on your other senses to do what you wanted to do. How hard would that be?

With your parents' permission, Have your parents blind fold you and try to do something by using your other senses, (for example, find your way to another room, or try and find a snack, It would be great if they wanted to pop some popcorn beforehand!). Now write what you did and maybe how you did it.
